

# Contact Your Professor

The only way to contact your CST8182 professor is by email. The email must be from your Algonquin College email account. **Do not use any other contact methods.**

- All questions related to the **theory** classes should go to your **theory** Professor.
- Any questions related to **lab** classes should go to your **lab** professor.  
**Your lab professor's name is in your timetable.**
- **Always include screenshots and any file that you're working on. Even if you think it's obvious,** make sure we can see what you're talking about.
- Please **embed screenshots** in the email rather than adding them as attachments.
