Week 1: Sept. 2nd to 5th Getting Started

Welcome to the course!

This week is focused on setting yourself up for success. Please complete the following:

1. **Complete the Two Mandatory Quizzes**

You must achieve 100% on both to unlock Week 2 content.
Due: Friday, Sept. 5th @ 11:59 PM

Go to Activities > Quizzes >

> Course Info Assignment (auto-graded)

> 25F Week One Tasks Assignment (graded by your lab professor)

2. **Read the Full Course Outline**

Get familiar with expectations, grading criteria, and policies.

3. **Review the Weekly Schedule**

Understand your deadlines and prepare for upcoming tasks.

4. **Read Module 1 and Module 2 on NetAcad, Install Packet Tracer and Wireshark**

- Log in to NetAcad and complete all content in Module 1-2. This is

essential for building foundational knowledge.
- Download Packet Tracer 8.2.2 and install it on your laptop
- Download Wireshark and install it on your laptop
